

Civil Engineer, PE

Join Our Growing Team as a Civil Engineer.

Ethos Civil is looking for a skilled and driven individual to join our team at our Tacoma, Spokane, or Wenatchee, Washington, offices.

Who We're Looking For:

- Registered Professional Civil Engineer, 6-10 years of experience
- Project Management Experience
- Strong Bluebeam, AutoCAD and Civil 3D skills
- Transportation and MicroStation experience is a plus
- We value integrity, self-motivation, eagerness to learn, an intrapreneurial mindset and a positive attitude

What You'll Do:

As part of our team, you'll **lead** civil design for diverse projects including education, parks, civic, multi-family, retail, and defense.

Why Join Us:

Ethos Civil is a dynamic, fast-growing firm. As a veteran-owned business, we offer a range of civil engineering, project management, and entitlement services across the Pacific Northwest. Enjoy an energetic/engaged environment and the support you need to grow your career. You'll have the opportunity to work alongside senior engineers in a collaborative environment and acquire ownership in the company in as little as one year.

Location and Work Arrangement:

This is an in-person position. We offer flexible schedules and working options for team members who have completed in-person onboarding and demonstrated success. We have offices in Tacoma, Spokane, and Wenatchee, WA.

How to Apply:

Interested? Reach out to us via the "Contact" tab on our website at <http://ethoscivil.com>, connect with us or LinkedIn at <https://www.linkedin.com/company/ethoscivil>. Join us and be part of something great at Ethos Civil!

Skills:

AutoCad, Civil Engineering, Autodesk Civil 3D, MicroStation, OpenROAD

Pay: \$100-120k
